RE: Change in Minimum Order Policy

To Whom it may concern,

In recent years Caltech Electrical Supplies Limited has seen a massive increase in low value orders from our customers. Due to the growing costs involved in processing these orders from quote through to invoice, Caltech Electrical Supplies Limited is left with no choice but to impose a minimum order value for customers of €50.00.

We realize that on a few occasions the Minimum Order Value may present issues. However, rather than increasing the prices of ordered items to make up to €50.00, we would prefer to ask customers to add extra items to reach the Minimum Order Value.

The min order value is exclusive of VAT.

The min order value is Ex works Caltech and does not include carriage costs.

The min order value will come into effect from the 1st March 2019.

We greatly appreciate your continued support and understanding on this matter.

Should you have any queries in relation to same please do not hesitate to contact us.

Warm Regard,

Gerry O' Callaghan
Managing Director
